

# **FIRE EDUCATION FOR PRESCHOOL, PRE-K & KINDERGARTEN**

25 Minute OUTDOOR Presentation  
*(If raining, it will be conducted in classroom)*

## **Firefighting Ensemble, Equipment, and Fire Engine**

### Introduction

- The Jackson Fire Department and FF names.

### The number for any true emergency 911

- Describe what a true emergency is.

### Gear: 10 Minutes

- Put your gear on explaining each piece as you go.
- Let the children know they should not be afraid, should not hide from fire and they can come to you for help.
- Explain to children to yell for help if they cannot escape and stay low to the ground.
- Crawl around while breathing from SCBA so children can hear what a FF sounds like.

### Truck tour: 10 minutes

- Walk around the truck, allowing the children to see inside the compartments.
- Describe parts of the truck and/or equipment that a young child can understand.
- If the teacher wants, allow him/her to take a group photo at the truck.

### Materials

- Hand out fire safety items to children after lesson is complete.
